At some time in their life, 95% of the population will have back problems. This is virtually an epidemic. Rather than spending our entire budget on newspaper, radio and television advertising, we have made a commitment to the community to devote a large portion of that budget to the people who are in need.

Restrictions: (1) This "Health Pass" is for the purpose of allowing people to find out if chiropractic care may be indicated for their health problems and is to be applied to the initial services rendered, up to the total value of the "Health Pass". (2) Only one (1) Health Pass per person, not transferrable, and not to be used with any other offer.

X-RAYS THAT ARE PROVIDED AT A DISCOUNTED CHARGE: According to Illinois Law, any x-rays that are performed at a discounted charge to the patient, the following information must be provided: "To avoid needless health hazards associated with ionizing radiation, no such free x-ray will be given unless there is a prior observable clinical need for it."
